In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Responsibility of Management for Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

LinguaSol Private Limited

Notes to the financial statements (Continued)

for the year ended 31 March 2019

In most arrangements, specific objective evidence ("SOE") of fair value exists for the license and services element; therefore, the Company uses the relative fair value method to determine the amount of revenue to be allocated to these elements. Revenue related to services is recognized based on the stage of completion. Any losses on undelivered element are recognized immediately.

Revenue from annual maintenance and other contracts are recognised on a pro-rata basis over the period of the contract.

Unbilled revenue represents revenue recognised in relation to work done on fixed price projects until the Balance Sheet date for which billing has not taken place.

b. Interest

Interest on deployment of surplus funds is recognised using the time proportionate method based on the underlying interest rates.

c. Dividend and Other income

Dividend and other income are recognized when the right to receive payment is established.

2.5 Fixed assets and depreciation / amortization

Property, Plant and Equipment:

Property, Plant and Equipment are carried at acquisition cost less accumulated depreciation and/or impairment loss, if any. The cost of an item of tangible fixed asset comprises its purchase price including inward freight, duties, taxes and any directly attributable cost of bringing the asset to its working condition for its intended use; any trade discounts and rebates are deducted in arriving at the purchase price.

Subsequent expenditure related to tangible fixed assets are added to its book value only if they increase the future benefits from the existing asset beyond its previously assessed standard or performance.

The Company has provided for depreciation using straight line method over the useful life of the assets as prescribed under part C of Schedule II of the Act.

Depreciation is provided on a pro-rata basis i.e. from the date on which asset is ready for use. Assets individually costing INR 5,000 or less are depreciated fully in the year of acquisition.

The useful lives are reviewed by the management at each financial year-end and revised, if appropriate. In case of a revision, the unamortized depreciable amount is charged over the revised remaining useful life.

Property, Plant and Equipment are eliminated from the financial statements on disposal or when no further benefits are expected from their use and disposal.

LinguaSol Private Limited

Notes to the financial statements (Continued)

for the year ended 31 March 2019

Intangible Fixed Assets

Intangible fixed assets that are acquired by the Company i.e. Software are measured initially at cost. After initial recognition, intangible assets are carried at cost less any accumulated amortization and impairment loss, if any. Subsequent expenditure is capitalized only when it increases the future economic benefits from the specific asset to which it relates.

Software are amortised in the statement of Profit and Loss over the period of 10 years.

Product development costs are recognized as intangible fixed assets, when feasibility has been established, the Company has committed technical, financial and other resources to complete the development and it is probable that the asset will generate probable future economic benefits.

Product development costs are amortized in the Statement of Profit and Loss over their useful lives of 5 years, from the date that they are available for use based on the expected pattern of consumption of economic benefits of the assets.

Expenses incurred towards filing and registration of patents is charged to Profit & Loss Account as and when these are incurred.

Losses arising from retirement and gains or losses arising from disposal of intangible assets which are measured as the difference between the net disposal proceeds and the carrying amount of the asset are recognized in the Statement of Profit and Loss.

Amortization method and useful lives are reviewed at each reporting date. If the useful life of an asset is estimated to be significantly different from the previous estimates, the amortization period is changed accordingly. If there has been a significant change in the expected pattern of economic benefits from the asset, the amortization method is changed to reflect the changed pattern.

2.6 Impairment of assets

In accordance with Accounting Standard 28 – Impairment of Assets (AS 28), the carrying amounts of the Company's assets are reviewed at each Balance Sheet date to determine whether there is any indication of impairment. If any such indications exist, the assets' recoverable amount is estimated, as the higher of the net selling price and the value in use. An impairment loss is recognized whenever the carrying amount of an asset or its cash generating unit exceeds its recoverable amount. If at the Balance Sheet date, there is an indication that a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the asset is reflected at the recoverable amount, subject to a maximum of depreciable historical cost.

2.7 Investments

Investments that are readily realizable and intended to be held for not more than a year from the date of the acquisition are classified as current investments. All other investments are classified as long-term investments. However, that portion of long-term investments which is expected to be realized within 12 months after the reporting date is also presented under 'current investment' as current portion of long term investments in consonance with the current/non-current classification scheme of Schedule II of Act. Long-term investments are valued at cost

LinguaSol Private Limited

Notes to the financial statements (Continued)

for the year ended 31 March 2019

less any other-than-temporary diminution in value, determined separately for each individual investment.

Current investments are valued at lower of cost and fair value. The comparison of cost and fair value is done separately in respect of each category of investments. Any reduction in the carrying amount and any reversal of such reduction is charged or credited to the Statement of Profit and Loss.

2.8 Employee Benefits

a) Short term employee benefits

Employee benefits payable wholly within twelve months of rendering the service are classified as short term employee benefits. These benefits include salaries and wages, bonus and ex-gratia. The undiscounted amount of short-term employee services is recognized as an expense as the related service is rendered by employees.

b) Post-employment benefits (defined benefit plans)

The employees' gratuity scheme is a defined benefit plan. The present value of the obligation under such defined benefit plan is determined at each Balance Sheet date based on an actuarial valuation carried out by an independent actuary at the Balance Sheet date using the projected unit credit method. Actuarial gains and losses and past service costs are recognized immediately in the Statement of Profit and Loss.

c) Post-employment benefits (defined contribution plans)

Contributions to the provident fund and labour welfare fund which are defined contribution schemes are recognized as an expense in the Statement of Profit and Loss in the period in which the contribution is due.

d) Long term employee benefits

Long term employee benefits comprise compensated absences. These are measured based on an actuarial valuation carried out by an independent actuary at each Balance Sheet date. Actuarial gains and losses and past service costs are recognized immediately in the Statement of Profit and Loss.

2.9 Taxation

Income-tax expense comprises current tax (i.e. amount of tax for the year determined in accordance with the income-tax law), and deferred tax charge or credit (reflecting the tax effect of timing differences between accounting income and taxable income for the year).

The deferred tax charge or credit and the corresponding deferred tax liabilities or assets are recognized using the tax rates that have been enacted or substantively enacted by the Balance Sheet date. Deferred tax assets are recognized only to the extent there is reasonable certainty that the asset can be realized in future; however, where there is unabsorbed depreciation or carried forward loss under taxation laws, deferred tax assets are recognized only if there is a virtual certainty of realization of these assets. Deferred tax assets are reviewed as at each Balance Sheet date and written down or written-up to reflect the amount that is

reasonably/virtually certain (as the case may be) to be realized.

2.10 Foreign exchange transactions

a) Initial recognition

Foreign currency transactions are recorded in the reporting currency, by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of the transaction.

b) Conversion

c) Exchange differences

The exchange differences are recognised as income or expenses in the period in which they arise.

2.11 Provisions and Contingencies

Provision

A provision is recognized if, as a result of a past event, the Company has a present obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are recognized at the best estimate of the expenditure required to settle the obligation at the Balance Sheet date. The provisions are measured on an undiscounted basis.

Contingencies

Provision in respect of loss contingencies relating to claims, litigations assessment, fines, penalties etc. are recognized when it is probable that a liability has been incurred, and the amount can be estimated reliably.

2.12 Contingent liabilities and contingent assets

A contingent liability exists when there is a possible but no obligation, or a present obligation that may, but probably will not, require an outflow of resources, or a present obligation whose amount cannot be estimated reliably. Contingent liabilities do not warrant provisions, but are disclosed unless the possibility of outflow of resources is remote. Contingent assets are neither recognized nor disclosed in the financial statements. However, contingent assets are assessed continually and if it is virtually certain that an inflow of economic benefit will arise, the asset and related income are recognized in the period in which the change occurs.

2.13 Operating leases

Leases, where the lessor effectively retains substantially all the risks and benefits of ownership over the lease term are classified as operating lease. Operating lease rentals are recognized over the period of the lease in the Statement of Profit and Loss on a systematic basis.
